## Cruise in Style

Theodore is a beautiful and well maintained 2003 37' Nordic Tug. Nordic Tugs are known for quality and Theodore is no exception!

Having spent most of her time in fresh water, Theodore has also traveled the East Coast ICW from Albany, NY to Florida, and the Triangle Loop (Erie, Rideau, and Champlain canals).

Original owners took exceptional care of her and performed regular maintenance. With all new batteries and freshly restored bottom paint in 2020, she is ready to embark on new adventures!
